Olympian Athletes In War's Grip -:||:- -:||:- -:||:- -:||:-Few Will Enter Frisco Contests

Pacific exposition at San Francisco next year may get what there will be not fit be part Olympic games, which were to have been held at Berlin in 1916. Directors of the Sair have get life matter directly up to the International Olympic committee; and the fair have get the matter directly up to the International Olympic committee, saided by loren Pierre Counciller, of France, and James D. Sullivan, the famous A. A. U. official, is hopeful of an early decision in the matter.

Those in a position to know predict the great exposition will get comething in the form of International athletirs, but it is more than doubtful if anything that approaches an Olympic meet will be landed for the San Francisco event. Canditions in Europe preclude the possibility of any of Europe Europe Committee and Europe Euro

KILBANE ACCEPTS EYTON AS REFEREE

Los Angeles, Calif. Aug. 13.—Feather-weight titleholder Rilbane has accepted Charles Byton as referee for his meeting with Johnny Dundee on September 27.

It will be remembered than Kilbane was much disgusted when Eylon called the first Effbane-Dundee match a draw.

Now Rilbane aninounces he will stay on the caset and meet all consers until he has forced the sport world to admit he has forced the sport world to admit he is a real champion.

But this is a bad year so far for champions. Kilbane and Johnson are the only case inti of the titleholders of a few mentine age. Johnson has kept his, perhaps, by his care in picking opponents.

Judging by their last clash, Dundee is not liesly to knock out Kilbane. Dundee hes grown heavier and will be handingped to make 127 pounds much longer, oven 16 he wins this both.

GOLFING HINTS

By "STRAIGHT DRIVE" SEMPPERY GRIPS. — in rainy weather many players find it extremely difficult to get a firm enough grip on their clubs without so lightening their muscles as to make it impossible to swing properly.

enables them to keep a firm grip on the club, regardless of the deluge. For this purpose a cotton glove a size too large is a good thing to carry in the bag at all times. Wetting them makes the gloves shrink, and it is just as well to provide for this when purchasing your pair. A pocket handkerchief wrapped around the grip will produce the same result, but with greater discomfort.

Made \$6,500,000 Out of \$250 Capital; Goes Broke in Stock Market

Broke in Stock Market

New Tork, Aug. 25.—The announcement here of the fullure of E. G. Scales has served to recall one of the most meteoric careers which the financial world has ever seen. Perhaps its most speciacular achievement was back in 1998, when Mr. Scales found himself in Dallas, Texas, as nearly penaless as a man of his experience could be. He had absolutely no cash, and nothing of value except one diamond stud which he nawned for \$250. It is a matter of record that through speculation in the cotton market he actually ran this \$250 up to \$5,500.000.

Perhaps if he had not taken a certain walk he might have that money ret, since at that time he was in poor health and had decided to take his profits and get out of the market the next day. In the afternoon, however, he took a long walk, and awoke the next morning feeling so much better that he immediately abandoned his plan for taking his profits.

When he finally did get out, speculators had taken more than half of his fortune from him, and the rest he lost in subsequent campaigns. Mr. Scales has been broke a number of times before, however, and always come up again, and his friends believe that the present case will prove no exception to this rule.

HERALD CONTEST AUTO

Adjutant James Hunter, of the Salvation Army, Wins the Prize of an Auto for a Day and Will Take Mothers of the South Side for a Glad Outing in New Studebaker Car Supplied by Elliott-Garrett Co.

EARY mothers of the south side will get an automobile ride into the cool country and through the vailey of growing green things.

Adjutant James Hunter, of the Salvation Army, Mexican corps, has been declared the winner of the Haraid's contest for the best letter telling what could be done with an automobile if a big, new, seare passenger car rolled up in front of the door and was at one's timposal for a whole day. Adjt. Hunter's work among the poor of the city, especially among the Mexican poor, is little known north of the tracks, but he has proved a mission-ary of mercy to these people south of the track. It was for them that he committee of award selected his letter as the best among those contributed to The Heraid contest.
